Junior Cup RPM Limiting device/ Quick shifter

In order to equalize the performance between machines participating in the MotoAmerica Junior Cup series a RPM limiting device is required. All Junior Cup Machines must be fitted with this device to participate in the series there will be no exceptions. (Article 2.9.9.1/h.) The RPM Limiter/ quick shifter will be provided by HM Quickshifter and has been tested and proven in the FIM 300SSP championship. The quick shifter function allows for per gear kill times, pressure threshold, shift delay and uses a strain gauge type shifter.

HM Quickshifter is selling this device directly at a greatly reduced cost to **MotoAmerica competitors only**. The price is \$500 plus tax, shipping not included. To order the RPM/quick shifter device contact: support@hmquickshifter.com for all orders and technical.

TAW is now the us distributor for HM Quickshifter products. TAW will be shipping the items to make the process much easier for MotoAmerica competitors. Competitors will also be able to purchase directly from Barry at TAW barry@tawperformance.com

Please contact technicaldirector@motoamerica.com with any questions
