31	KK47	R3	TBD	D&D	TBD
			TBD	Metric Garage	TBD
			TBD	Spears	TBD
			TBD	SRH Plumbing	TBD
			TBD	Danielle Diaz	TBD

- Paddock entry will be allowed only after being called by MotoAmerica team radio.
- After the garages and first row are set, we will begin stacking remaining teams in the available spaces
- Please try not to block the paddock entrance road for any reason.
- Be prepared to drop your trailer and relocate your tow vehicle to P-1 immediately.
- Cars and other team support vehicles may park in P-1, in Lot A

We have also posted PROVISIONAL hot pit assignments, If your number is duplicated and highlighted you are sharing with another team. Due to the short pit lane teams with multiple riders in different classes are sharing spaces, if you do not see your name, please look for your teammates name. All Superbike teams who purchased GP garages will be allowed to utilize the garage as a hot pit space, this means during SBK sessions all other garages must be closed, and the area from garage 14 to garage 26 on the “cold side” will become an active pit. More information will be released in the entrants meeting.

If you have a question regarding assignments or move in please feel free to contact Niccole Cox at ncox@motoamerica.com or at 949-300-5225 using text preferably.

See you all soon.

The MotoAmerica Team
