# STAGING

Staging can begin on Wednesday; all teams must be present when load in begins at 9am on Thursday the 14<sup>th</sup>. Any teams not on site will forfeit their allocated space and park in the back where space is available. Groups on Load IN order are broken up into COLORS THAT MATCH THE STAGING AREAS.

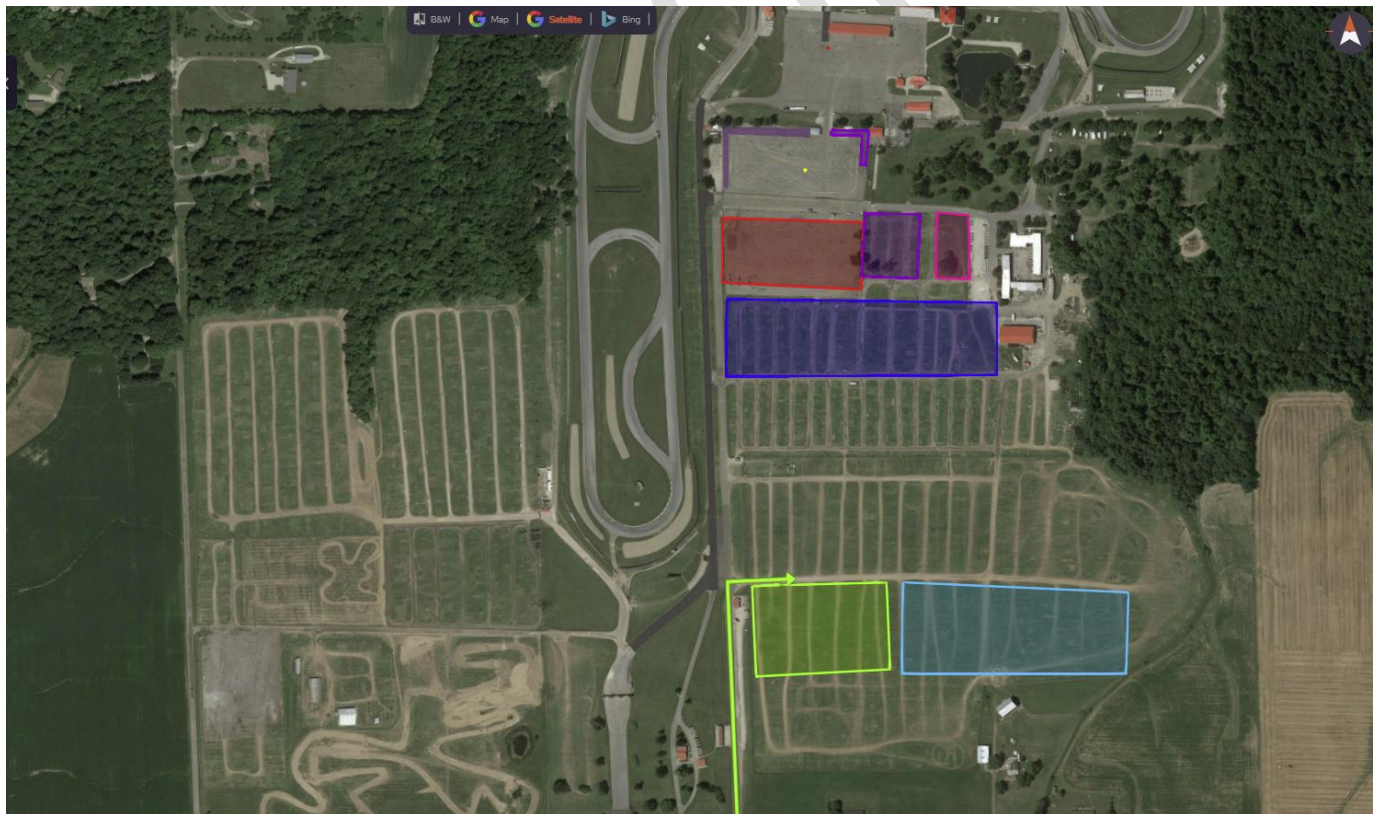

Here is a ZOOM OUT view of all staging areas.

Group 1 **RED**, is in UPPER PADDOCK. Stay Away from the Perimeter, as RV's Park there.

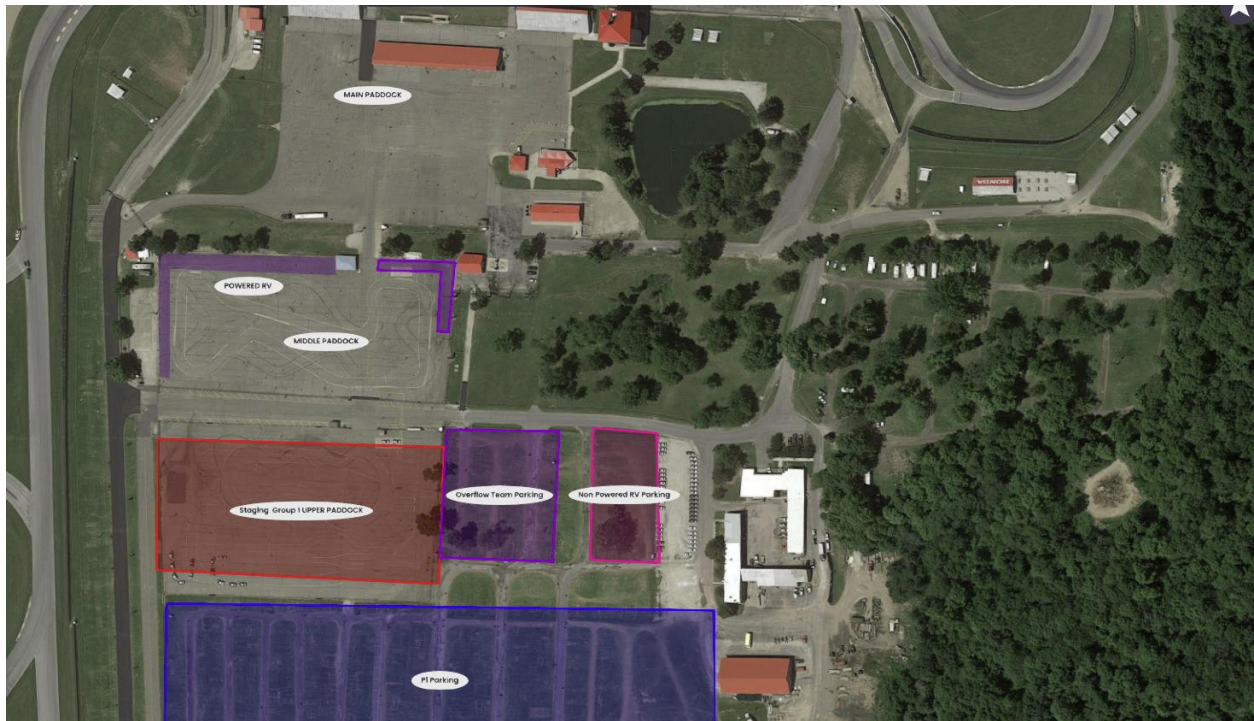

GROUP 2 **YELLOW**, is in Grass area at entry.

Group 3 **TEAL**, Group 3, is in Grass area at entry on east side.

P1 Parking is Dark Blue Box.

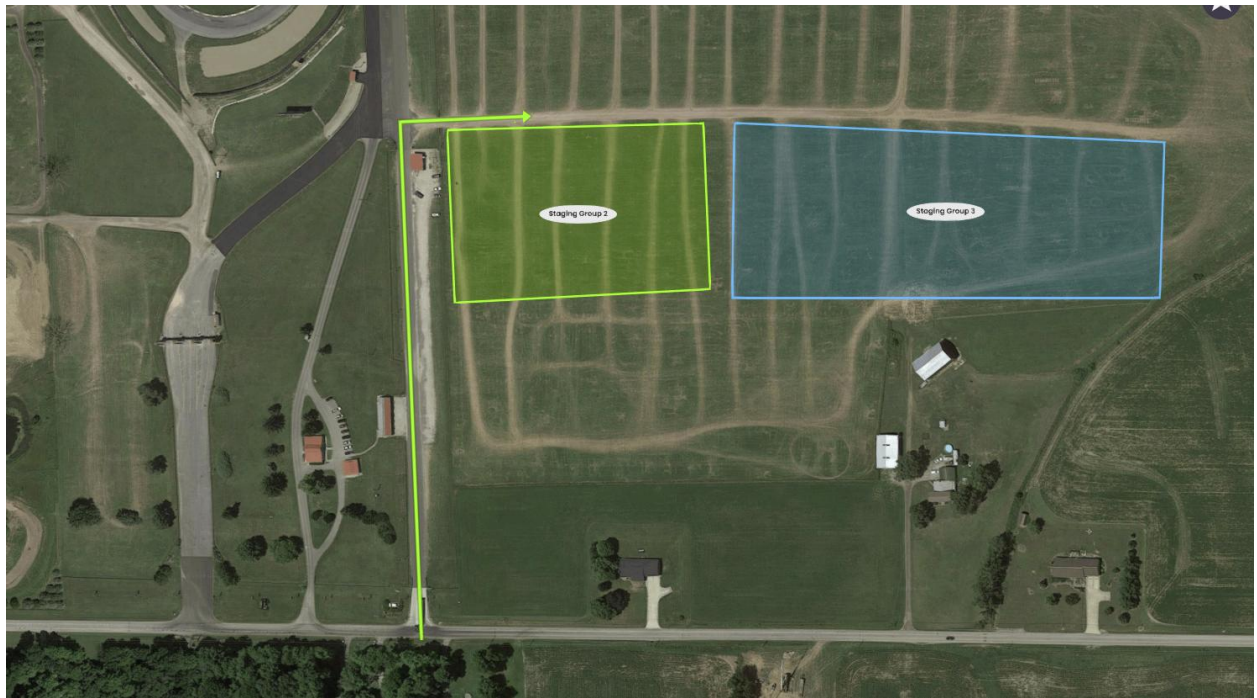

This picture shows Main, Middle and Upper paddocks.

## MAIN PADDOCK

I never do this, but I am adding a paddock layout map to help clarify the parking in all 3 paddocks. Please understand that most times, during load in, these positions shift. Changes are sometimes necessary.

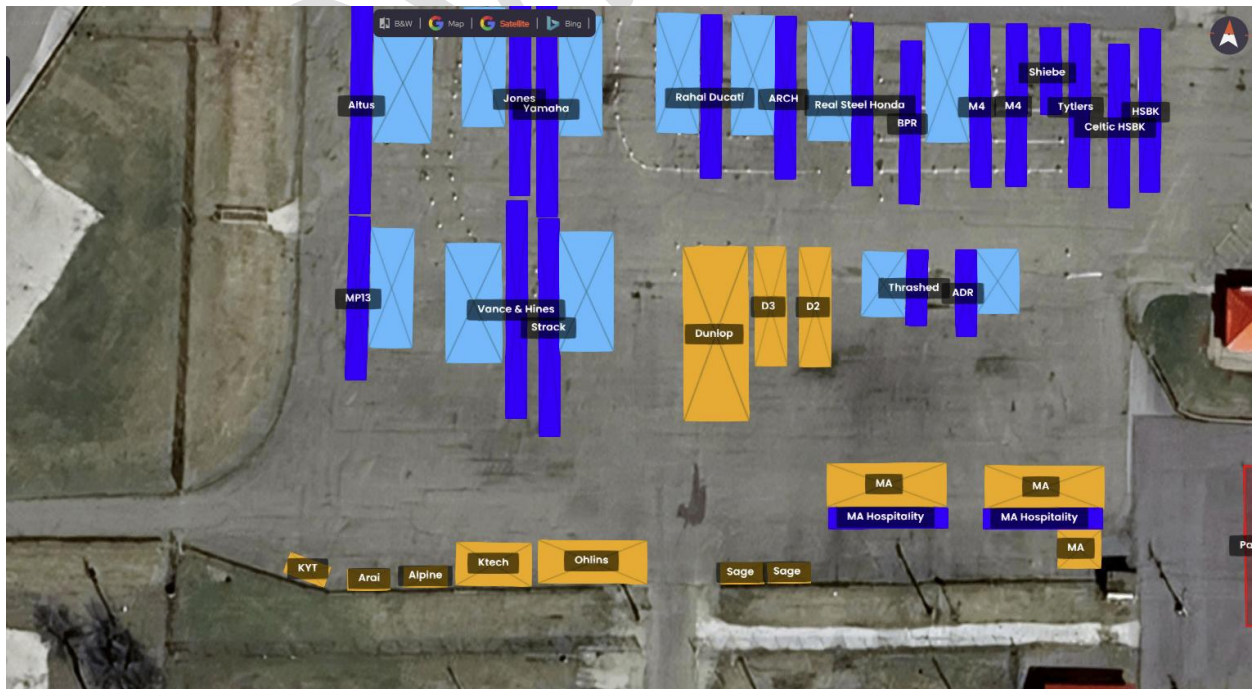

### Main Paddock Right and Center

## MAIN PADDOCK LEFT

## Main Paddock Rear

## **MIDDLE PADDOCK**

**SURFACE IS NOT LEVEL...I am only parking a few teams in the middle paddock in the flattest areas I can find. Please be aware it is rarely completely flat. (see pictures)**

# MIDDLE PADDOCK PARKING PLAN + POWERED RV

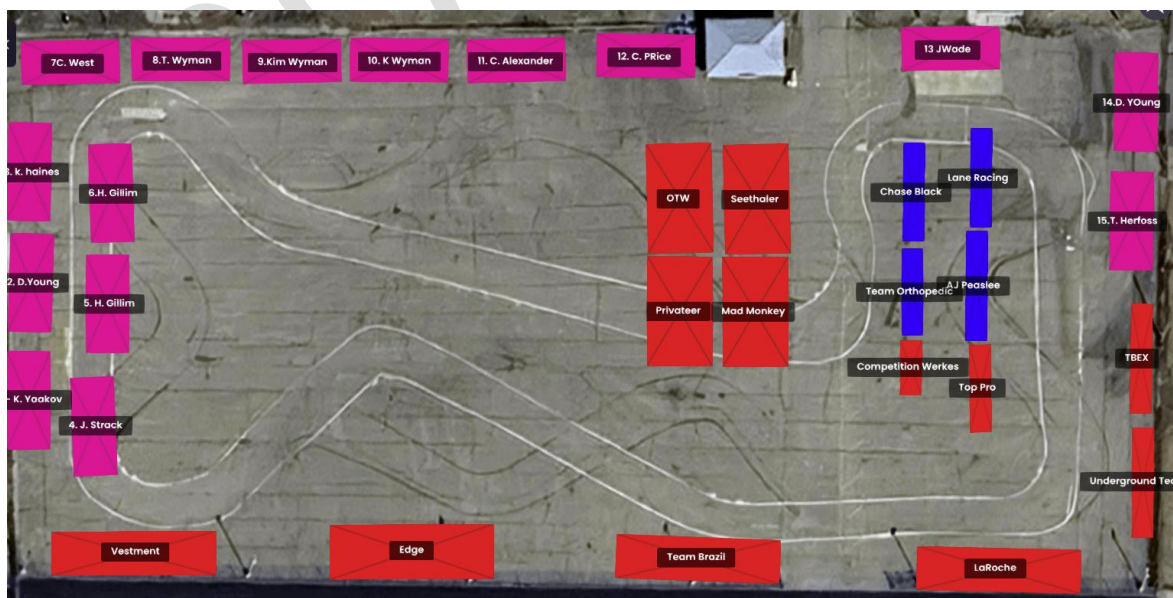

# UPPER PADDOCK 3<sup>RD</sup> + DEMO's + NON POWER RV

Surface is flat and has no issues, demo trucks will be parked at entry, so please be courteous to the riders as they enter and exit upper paddock.

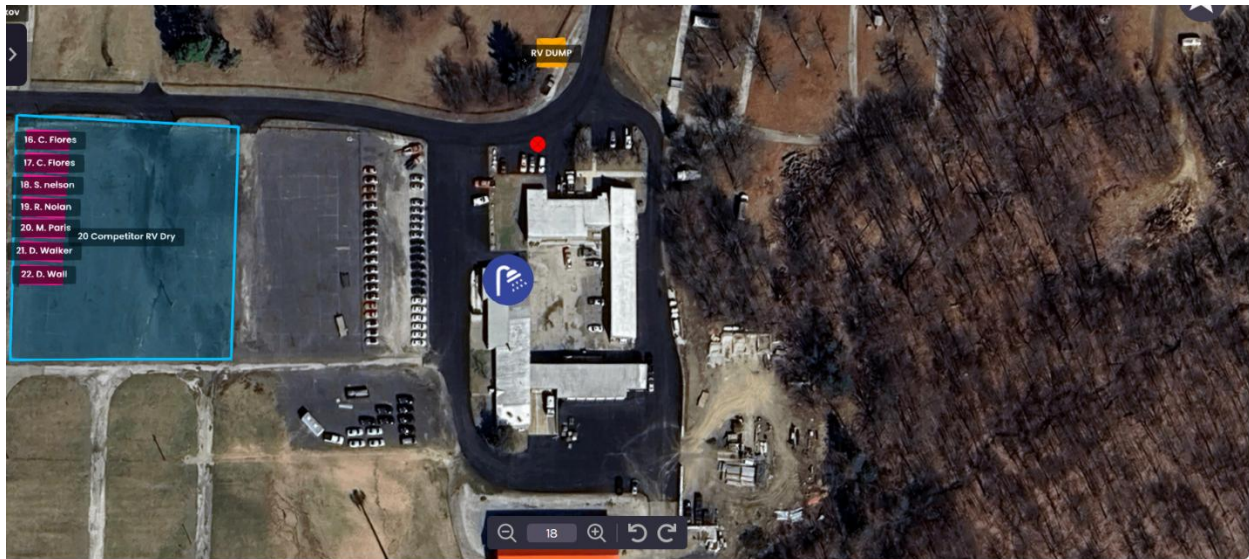

## RV PARKING

Powered RV Parking is on Perimeter of Middle Paddock in PINK BOXES shown here. They will be numbered with white paint. 15 Spaces have been assigned.

NON-POWERED RV SECTION IS IN adjacent to 3<sup>rd</sup> paddock in milled lot.

RV DUMP LOCATION IS MARKED AND SHOWERS AS WELL.

**RV PARKING – 50 AMP PLUGS ONLY**
