

1. Due to unavailability of manufacturer support at Round 1, an exception to the engine sealing procedure is allowed. All engines unsealed by Ohvale will be sealed by MotoAmerica and arrangements at the competitors expense to have the engine reinspected by Ohvale. If the engine is not reinspected by the agreed date, or if the engine is found out of compliance, then the competitor will be disqualified from all rounds the engine was in service.
2. The 2022 spec fuel is VP MGP.
